SCHOOL* FUTURE**

Private Vocational High School for Digital Sciences SoftUni BUDITEL

On the basis of Art. 118 (5) of the Pre-school and School Education Act, grades shall not be given in the subjects, modules or activities envisaged for study in the optional hours of the school curriculum.

The student is about to graduate from the XII Class in May 2026.

Students in Bulgaria receive a diploma for secondary education after successfully passing the state matriculation exam in Bulgarian language and literature and the Compulsory state exams for acquiring professional qualification.

Throughout the entire period of study, the student is evaluated according to the six-point system, where the highest is Excellent 6.00, and the lowest positive is Average 3.00.
